

# ANNOUNCEMENT

Japan Society for Impact Assessment (JSIA) presents

## **“International Multi-Sector Round-Table”**

**The 3rd Japan-Korea-China Tripartite EIA & SEA Conference, 2013**

**Morning Thursday, 7 November 2013.**

Chiba University of Commerce (CUC), 1-3-1 Ichikawa, Chiba Prefecture.

### What is “Multi-Sector Round-Table”?

“Multi-Sector Round-table” is a semi-closed session at the 3rd Japan-Korea-China Tripartite EIA & SEA Conference, 2013. We will have a round-table session by experts from industries, governments, and academics from Japan, Korea and China in the morning of November 7th. At the Round-Table, we will discuss a wide range of subjects from country to international levels, including current situation of impact assessment (IA) such as EIA and SEA in each country and international activities.

### Purposes

- To establish an IA forum for communication among industrial practitioners, government staff and academic researchers in the three countries.
- To encourage information exchange regarding businesses opportunities, laws/regulations and EIA/SEA studies.
- To envisage a new culture of IA in the East Asia region.

### Who should be the members?

This semi-closed session will consist of members by invitation only. Persons of each sector in the three countries will be invited by the coordinator of each country respectively. If you are interested in the Round-Table, please contact the coordinator of your country. From Japan, members from the Japan Association of Environmental Assessment (JEAS), Ministry of the Environment (MOE), the Japan International Cooperation Agency (JICA), the Japan External Trade Organization (JETRO) and academics of the Japan Society for Impact Assessment (JSIA) will be attendance.
